SCHOOL OF SENSUAL MASSAGE / ADULT GUIDED EXPERIENCE

## Touch & Turn On Experiential Session

A male-to-male guided massage experience

**3 HOURS**

guided session

**FOUR HANDS**

Colin guides alongside you

**SLOANE SQUARE**

Chelsea, London

## Discover the pleasure of giving

A private, personally guided experience for a man who wants to give a sensual massage to another man. Colin works beside you, demonstrating touch, pace and transitions throughout.

A welcoming introduction to the Touch & Turn On approach. Adults 18+.

# Give together, guided throughout

This is a taster session, not a teaching qualification. The aim is a rewarding experience for you and an attentive, responsive massage for your receiver. You do not need to memorise a routine or lead independently.

## YOUR SESSION AT A GLANCE

### BEFORE

#### Talk and prepare

Discuss your aims, receiver arrangement, comfort, preferences and boundaries. Colin will answer questions and help agree the session plan.

### OPENING

#### Start simply

Settle in, review communication and begin with supported, familiar massage movements.

### GUIDED SESSION

#### Work side by side

Colin demonstrates and guides your hands, positioning and pace through a tailored massage.

### AFTER

#### Pause and reflect

Allow time to rest, then talk through what you noticed and whether you would like to explore training.

### Plan it together

Share your aims and preferences with Colin. Receiver arrangements, dates and the current fee are discussed and agreed before booking.

# A progression that responds to him

The session follows a flexible flow. Comfort, communication and the receiver's preferences guide each transition.

01

**GETTING TO KNOW**

Conversation, health considerations, preferences and preparation.

02

**SENSUAL THERAPEUTIC**

Traditional massage, sensory contact and gradual relaxation.

03

**GENTLE AROUSAL**

Slower, more intimate whole-body touch only where welcomed.

04

**SENSUAL AROUSAL**

Intimate touch only when specifically agreed in advance.

05

**CLOSING AND REST**

Ease the pace, settle and finish with care.

## Comfort, choice and trust

The massage stays within the level of touch agreed together; the plan never takes priority over either person's comfort.

**AGREE THE PLAN**

Discuss clothing, boundaries and any intimate elements beforehand. Nudity is optional.

**CHECK IN AS YOU GO**

Either person may pause, redirect or stop. A physical response is not permission to add a new touch.

**NO PERFORMANCE EXPECTATION**

Arousal may or may not happen. Reciprocal touch and any particular outcome are never required.

**SHARE RELEVANT NEEDS**

Tell Colin about health considerations, sensitivities or access needs so the session can be adapted.

No obligation to progress to a more intimate phase.

# Try it, then decide what comes next

If you enjoy the experience and want to develop your skills, Touch & Turn On offers Foundation, Intermediate and Advanced training, with a professional pathway for those who want to work with clients. The Experiential is an introduction only; it does not guarantee acceptance onto training or award a qualification.
